FRAME & RACK WELDMENT ASSEMBLIES

VISIT OUR NEW
WEB SITE accufabnc.com

"New Look, New Feel, and easier to use."
This is what our visitors are saying about our new web site. We invite you to visit us at www.accufabnc.com where you will find contact information for many of our team members and extensive details of our capabilities, from assembly integration to robotic welding automation. We have also included links to detailed descriptions of our equipment and tooling inventory. We hope that you will find this new site to be a valuable resource as you plan your future production needs.

Accu-Fab knows Frame and Rack Assemblies! Our experience encompasses small runs to annual blanket orders. From desktop to large side by side refrigerator sized units. From prototype to product line production - Accu-Fab has the technology and engineering know-how to get the job done right the first time.

All welding at Accu-Fab is performed by AWS certified welders either manually or with the assistance of our state-of-the-art Robotic Welding equipment. Robotic welding provides the highest possible quality welds while increasing production efficiency.

In addition to structural manufacturing, secondary / value-add assembly operations up to full component integration is available in one stop. With the resources, tooling and staff to effectively manage your program demands...Think of Accu-Fab, when you have requirements for Rack, Frame or Enclosure assemblies.

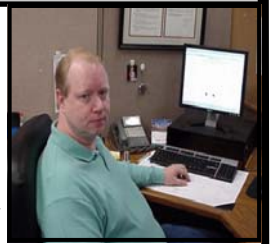

ENGINEERING RESOURCES

Franz Domurath

Manufacturing Engineer. 919-212-6400, ext 154
fdomurath@AccuFabnc.com

Franz came to Accu-Fab in the fall of 2006 bringing over 10 years of experience as a product manager in the bicycle industry. Graduating in 2003 with a Bachelors of Science degree and Summa Cum Laude honors from North Carolina State University, Franz gained another 2 years of experience as a machinist and manufacturing engineer in the nuclear medicine field prior to joining our team.

Franz's interests include cycling, photography, cooking, and music along with enjoying quality time with his wife, young daughter and many pets.
