CONTRACT MANUFACTURING

◆ ELECTRO-MECHANICAL ASSEMBLY ◆ CNC MACHINING ◆ PRECISION METAL FABRICATION ◆

801 BEACON LAKE DRIVE * RALEIGH, NC 27610 * 919-212-6400

NEW INVESTMENTS IN TECHNOLOGIES, FACILITIES, CAPABILITIES & ASSOCIATES

Accu-Fab continues to invest in the future of our business and our ability to serve you better. 2006-07 were significant years for investment with over \$2.0M invested in facilities and capital equipment.

2006:

- New ERP Business System
- Coordinate Measuring Machine
- Robotic Welding Cell
- AWS Certified Welder Program
- Machine Tool Automation

2007:

- 2 - CNC Turning Ctr. w/ Live Tooling and Bar Feeders
- 21,000 Sq. Ft. Building Expansion
 - * New Warehousing Facilities
 - * New Contract Manf. Assembly Facilities
- Numerous Lean Manf. Kaizen Events & Initiatives

Other investments being evaluated for the future include; a new optical comparator for inspection of machined parts, an additional robotic welding cell, heavy plate laser cutting, automated tube bending, and strategic investments expanding stamping, turning, and milling capabilities.

In addition to equipment, our staff has been very focused on implementation of lean technologies and practices within our operation. Much focus is being placed on New Product Introduction (NPI), improved process engineering and reduction of waste. Kaizen events are on-going in addition to numerous project teams addressing NPI, elimination of waste in both manufacturing and administrative processes and product cost improvement.

Accu-Fab has also been blessed with the opportunity to add several very strategic team members to our management staff. We've recently added three manufacturing engineers and two manufacturing managers who come to us with impressive industry related education and experience. Consistent with our core business objectives—we are very fortunate to have assembled an extremely talented staff of professionals throughout our organization.

Accu-Fab's NEW LOOK

"EXCELLENCE IN CONTRACT MANUFACTURING"

Keeping pace with the growth of our operations and expansion in capabilities, Accu-Fab recently rolled out a new corporate image and logo. Websites and brochures have been up-dated to reflect our focus on "Contract Manufacturing".

For years we have maintained a vision for diversification, investing at every opportunity to expand the processes and services available here under one roof. With the new building addition, manufacturing space is no longer inhibiting our growth and has added tremendous flexibility to the implementation of our Contract Manufacturing vision.

Please let us know if you haven't received a copy of our new brochure, and make sure to visit us at www.AccuFabNC.com to see the latest information on what we have to offer you in the way of Contract Manufacturing solutions!

WELCOME

Robert Karbas

Account Manager: Western Region
